## Prez Says

**GREETINGS. It has been a while since our last meeting due to the cancellation of the January meeting, hoping that the weather will be okay for the February meeting. I had a full agenda for that meeting which means the agenda for the February meeting will be fuller. I will attempt to expedite as much as possible. There are several important issues which we need to discuss as well as to begin setting up the 2010 calendar. Your input and volunteering will be most appreciated.**

Some of the items which need to be discussed are: 1) the viewing area for visitors; 2) the addition of several new field control officers; 3) the possibility of having indoor electric flying in Greensburg.

Although the days are getting a bit longer, we still have a ways to go before we can resume flying. Hope all your building plans are well underway and whatever you are building will be ready for the flying season. Consider bringing your project to our meetings for show and tell. I hope that all is well with you and hoping to see many of you at the February 12, 2010 meeting.

Rene
